EXPERIENCE

David Contorno began his career as a teenager whilst living in New York and, over the span of more than 20 years, has become a leading expert in employee benefits for large employers across the nation. With sights firmly set on enacting positive change, David created E Powered Benefits; a benefit consulting firm with a clearly defined mission to deliver a different benefit experience based on full transparency. His business model has produced average one-year savings of over 40% along with substantially reduced out of pocket costs for employees.

COMMUNITY & FAMILY

Giving back to the community is something that David has remained committed too. He actively participates in the membership drive for the United Way, assisting the local chapter of Habitat for Humanity, and supporting the Dove House Child Advocacy Center. He is also a member of the board of directors for both the Charlotte Association of Health Underwriters and former board member Healthreach Community Clinic.

David created a mentorship program within his consulting firm that allows him to mentor fellow advisors from around the country; sharing his own business model to contribute to the professional growth of others.

David is a proud father to two children; Hannah and Ethan. When he is not working he enjoys traveling, boating, and a variety of outdoor activities.
